2020

WORK EXPERIENCE & CERTIFICATIONS

DevOps Intern

Xebia

June 2025 – July 2025

Gurugram, HR, India

- Collaborated on a large-scale cloud migration initiative, using Terraform to provision infrastructure during an Azure-to-AWS transition.
- Architected and deployed a complete CI/CD pipeline for an AI-driven internal project, ensuring production-grade scalability.
- Engaged in enterprise SDLC practices, including Git workflows, Agile methodologies, and corporate ticketing systems.

AWS Certified Solutions Architect (Associate)

Credential ID: 0c691abb551a4fcba61877af7fe13dc1

Valid Until: June 2028

- Validated expertise in designing secure, resilient, and cost-optimized distributed systems on AWS.
- Proficient in core services including VPC, EC2, S3, RDS, IAM, CloudFront, and Auto Scaling.
- Applied the AWS Well-Architected Framework to optimize networking and storage strategies.

PROJECTS

SENTINEL — AI-Powered CI/CD Resilience & Chaos Engineering Framework

- Built an **end-to-end self-adaptive CI/CD framework** integrating **automation, AI analysis, and chaos engineering**
- Developed an **LLM-based CI/CD Assistant** (Groq Llama 3.3 70B) to analyze YAML/Jenkins pipelines and generate structured insights with **quality scoring (0–100)**.
- Implemented **automated fault injection system** (Pod Kill, CPU Stress, Network Delay, Node Drain) to simulate real-world failures in Kubernetes
- Achieved **99.9% baseline availability** with real-time monitoring and automated recovery validation

TECHNICAL SKILLS

Languages: Java, Python, HashiCorp Configuration Language (HCL)

Tools: Unix/Linux, Git, GitHub, Terraform, Docker, Jenkins, SonarQube, AWS

Concepts: Data Structures & Algorithms, Software Design, SDLC, CI/CD Pipelines

POSITIONS OF RESPONSIBILITY

IEEE TEMS | DevOps Community Member

- Mastered Git/GitHub workflows and networking fundamentals; enhanced cybersecurity skills via the XPLOIT digital forensics workshop.

Mozilla Firefox Club | Editorial Lead

- Strategic lead for content creation and editorial processes, leveraging writing expertise to streamline high-quality project documentation.

VIT Music Club | Guitarist & Producer

- Performed at university-wide events and currently developing technical proficiency in digital music production and continuous artistic improvement.
